Request List

This list will give you a good indication of the types of music that will be available at your function. Please highlight the songs that you would like to hear and return the list to us prior to your function. You can also mark any songs that you don't want to hear to bring our attention to them.

To help make your party successful, the DJ will also take requests on the night. This may mean playing music not necessarily requested by you. Conversely, if a certain music style is not enjoyed or isn't appropriate, the DJ will avoid playing it.

This list is only part of the music that we have available. Please feel free to request other songs that may not be listed.

This list was last updated April, 2008.
